KADAD Cadaver Course: Current Trends in Total Hip Arthroplasty Approaches (Primary and Revision)

October 2 2026 - Current Trends in Primary Total Hip Arthroplasty

08:15–08:30 - Welcome and Course Objectives: Bülent Atilla

Session I: Surgical Approaches in Primary THA

Moderator: Bülent Atilla

08:30–08:40 - Evolution of Surgical Approaches in THA: Where Are We Today? Bülent Atilla

Session I: Contemporary Approaches in Primary THA

08:40–08:50 - AnteroLateral Approach: Contemporary Role. Burak Akan

08:50–09:00 - Posterior Approach: Current Evidence and Outcomes. Remzi Tözün

09:00–09:10 - Direct Anterior Approach: Evidence, Indications, and Limitations. Javad Parvizi

09:10–09:20 - SuperPATH Approach: Pearls, Pitfalls, and Current Evidence. Ömer Faruk Bilgen

09:20–09:30 - How Should We Choose the Surgical Approach? Evidence-Based Decision Making. İbrahim Tuncay

09:30–10:00 - Panel Discussion

10:00–10:30 - Coffee Break

Session II: Key Concepts Influencing Surgical Approach Selection

10:30–10:40 - Managing Obesity, Muscular Patients, and Complex Anatomy. Bülent Atilla

10:40–10:50 - Spinopelvic Mobility and Its Influence on Component Positioning. İbrahim Tuncay

10:50–11:00 - Prevention and Management of Intraoperative Complications . Burak Akan

11:00–11:20 - Discussion

11:20–12:30 - Case-Based Decision Making in Primary THA. Javad Parvizi

12:30–13:30 - Lunch

Session III: Tips and Tricks

13:30–13:40 Post-op Rehabilitations Hip Precautions. Burak Akan

13:40–13:50 Enhanced Recovery Pathways (FastTrack) in Modern THA. Ömer Faruk Bilgen

13:50–14:00 STAR Approach: Surgical Technique and Early Clinical Results. Eleftherios Tsiridis

14:00–14:10 Tips and Tricks for Primary Total Hip Arthroplasty in DDH. Eleftherios Tsiridis

14:10–14:30 Panel Discussion

14.30- 17.00 Cadaver Workshop I: Primary THA Approaches

Faculty Demonstrations/ Hands-On Stations

- Direct Anterior Approach
- Anterior-Based Muscle-Sparing Approach
- Direct Lateral Approach
- Posterior Approach

Objectives :

- 1.Patient positioning and skin landmarks
- 2.Acetabular exposure and preparation
- 3.Femoral exposure and broaching
- 4.Component positioning and stability assessment
- 5.Closure techniques and complication avoidance

17:00–17:30 Discussion

17:30 Adjourn

18:30 Faculty Dinner

KADAD Cadaver Course: Current Trends in Total Hip Arthroplasty Approaches (Primary and Revision)

October 3 2026

Session IV: Surgical Exposure in Revision THA

08:30–08:40 - Principles of Exposure in Revision THA. İbrahim Tuncay

08:40–08:50 - Extended DAA Approach for Revision Surgery. Javad Parvizi

08:50–09:00 - Extended Trochanteric Osteotomy (ETO): Tips and Pitfalls. Eleftherios Tsiridis

09:10–09:20 - Femoral Window Techniques and Alternative Exposures. Burak Akan

09:20–09:30 - Discussion

09:30–10:00 - Coffee Break

Session V: Contemporary Revision Strategies

10:00–10:10 - Management of Acetabular Bone Loss. Remzi Tözün

10:10–10:20 - Management of Femoral Bone Loss. Bülent Atilla

10:20–10:30 - Revision for Instability. Ömer Faruk Bilgen

10:30–10:40 - Periprosthetic Joint Infection: Current Concepts. Javad Parvizi

10:40–10:50 - Periprosthetic Fractures Around the Hip. Eleftherios Tsiridis

10:50–11:00 - Panel Discussion

11:00–11:45 - Case-Based Decision Making in Complex Revision THA . Remzi Tözün

12:00–13:00 - Lunch

13:00–15:30

Cadaver Workshop II: Revision THA Exposures and Reconstruction

Faculty Demonstrations

- Extended Trochanteric Osteotomy
- Acetabular Revision Exposure
- Femoral Revision Exposure
- Management of Bone Defects

Hands-On Stations

- 1.Extended Trochanteric Osteotomy
- 2.Removal of well-fixed femoral components
- 3.Acetabular revision and defect management
- 4.Revision stem implantation
- 5.Reconstruction of complex bone loss

15:30 - Course Closing
